## Latvija-Lietuva

European Regional Development Fund

EUROPEAN UNION

Project number: **LLI-49**  
Project title: **Optimal catch crop solutions to reduce pollution in the transboundary Venta and Lielupe river basins**  
Date: **2017-08-10**  
Place: **Vecauce**

### Agenda of the 2<sup>nd</sup> Partners' meeting

10:45	Arrival, welcome coffee
11:00 – 12:30	Session 1 <i>Presentations on the first project results and discussions on the project progress:</i> AAPC: Presentation on the results of the task “Quantitative assessment and geographical targeting of nutrient reduction goals”. AREI: Presentation on the results of the tasks “Analysis of the current crop production practices” and “Elaboration of criteria for defining the largest potentials for catch crops in terms of favourable areas and farm types”. ASU: Presentation on the results of the tasks “Analysis of the current crop production practices” and “Elaboration of criteria for defining the largest potentials for catch crops in terms of favourable areas and farm types”.  Discussion on the common criteria for catchcrop potentials and identification of the largest potential areas.
12:30 – 13:00	Coffee break
13:00 – 14:30	Session 2 <i>Planning further actions:</i> Establishment of the demonstration sites (short info from AREI and ASU on the sites selected and crops to be grown); Discussing methodological aspects for establishing the demonstration fields; Planning measurements (making plan for sample taking and laboratory analyses); Planning the field-days; Rescheduling of the project activities; Discussing the time-line for providing the deliverables.  Discussions and approval of the updated project work plan.
14:30 – 15:00	Coffee break
15:00 – 16:00	Wrap-up discussion
